

Dear Glen Lakers,

Good News ! The Planning Board has deferred a decision on the Great Escape Ride until further review can be done. The Board made a decision to move forward with a Supplemental Environmental Impact Statement to address and review further potential negative environmental impacts resulting from the proposed Ride.

We think it was a good decision considering the circumstances. This does not resolve the issue but does delay it.

For all of you who wanted to speak you will get another chance. There will be another Public Hearing or Hearings where the Public will be able to have full input, so we will have to ask you to stay vigilant, active and involved.

On behalf of the Directors and Officers of the GLPA we want to thank you all for taking your valuable time to come to the meeting or to write a letter. Special thanks to those who drove long distances or cancelled another activity to be there. Your determination and passion to protect the lake was impressive. It absolutely made a difference. Honestly, we were gobsmacked at the turnout. There were 144 people at the meeting and 59 Letters written to the Board. And these were the busy days before Thanksgiving and during the Off Season!

We will post all further information to the Webpage as we hear it. Website: [glenlake ny.org](http://glenlake.ny.org). Let's not let down our guard.

Another reason to be Thankful. Happy Thanksgiving to all of you and your families.

With much Admiration and Respect,  
Paul McPhillips, President.
