

Glen Lake Protective Association

Newsletter

September 2019

Ahhhh, The beautiful August days of Summer on Glen Lake. Enjoy !

The Minutes of our August Meeting are posted on our Website - www.glenlakeny.org.

Our next Membership Meeting will be September 9th at the Warren County Municipal Center at 7pm. Room 5-110.

Invasive Species Mitigation - I think everybody agrees the lake looks great.

Septic Transfer Law - Lake Residents Virginia Etu (GLPA Director) and Dave Hodgson will speak about their experience going through the process of installing a new Septic System. We are making an effort to “ Erase the Fear “ of replacing an old system and installing a new system.

Do you know where your Septic System is ? That’s a good start. Please remember to pump out you system at least every third year.

Buoys - Please do not go behind the milfoil buoys at the Inlet to the lake or in St. Mary’s Bay (unless you live there).

Fisherman - Please give fishermen their space. We’ve received some complaints that boats are going too close to the fishing boats. Courtesy please.

We look forward to seeing you at the Membership Meeting.

Respectfully, Paul McPhillips. GLPA President. 518-791-6779.
