

Business Development Partner / Deal Maker (Commission-Based)

Global Surgical AI Healthcare is seeking a senior **Deal Maker / Business Development Partner** to help secure **investment capital and strategic partnerships** with **hospitals, academic medical centers, research institutions, and healthcare investors**.

This is a **performance-based opportunity** for professionals who know how to close **large, high-value healthcare and investment deals**.

What's in it for you

- **5% commission on every closed deal**
- Large institutional and investor deals = **six-figure commission potential**
- Paid upon successful deal completion
- Uncapped upside

Responsibilities

- Develop partnerships with hospitals and research centers
- Engage private investors, family offices, and funding groups
- Structure and close strategic and capital deals
- Represent a growing AI healthcare company with global expansion plans

About Us

Global Surgical AI Healthcare is a rapidly growing healthcare technology company focused on **AI-powered surgical training and advanced medical solutions**, with plans for **international market expansion**.
