#### **Srisawad Corp PCL Approves USD \$50 Million Investment to Fund New Strategic Business Project**

**Bangkok, Thailand — April 30, 2026** — Srisawad Corporation Public Company Limited (Srisawad Corp PCL) today announced that its Board of Directors has formally approved an investment of **Fifty Million United States Dollars (USD \$50,000,000)** to fund a newly approved business project following a comprehensive review and evaluation process.

The decision was finalized during the company’s board meeting held yesterday, where multiple proposed projects were presented for consideration. After rigorous analysis of business plans, market positioning, and projected financial returns, the board voted to move forward with this project as a strategic investment aligned with the company’s long-term growth objectives.

“I am pleased to confirm that the board has approved immediate funding for this project,” said **Sukont Huttakit-Kanjana, Chairman of the Board, Srisawad Corp PCL**. “Several proposals were reviewed, and not all were approved. However, after a thorough assessment of the **Global Surgical AI Healthcare** business model, market potential, and expected return on investment, our team concluded that this project represents a compelling opportunity and a strong fit for our investment strategy.”

The USD \$50 million funding package will support the project’s execution, expansion, and market deployment phases. Srisawad Corp PCL emphasized that the approval reflects confidence in the project’s leadership team, operational plan, and long-term value creation potential.

This investment marks a significant milestone for both organizations and reinforces Srisawad Corp PCL’s commitment to supporting high-growth ventures with strong commercial and strategic promise.
