## DPML works requiring building regulations or planning approval

Permitted Development Rights are suspended for all properties on Delamere Park. Any work that would normally fall under permitted development will therefore require planning permission from CW&C, or a document from CW&C stating that planning permission is not required. The DPML Trustees will not give a decision until one of these documents has been provided.

Property Address:	
Detailed description of changes proposed:	
Required documentation: Site Plans/Sketches Elevations Material Information Exact Dimensions Colours	

.....For Office Use Only.....

Received date:		Resident consultation deadline:	
Emailed to residents :		Posted on council notice board :	
Resident informed date:		Decision given:	

**This form will be displayed on the club house notice board for a period of 14 days.**

Please Note: that any work undertaken to change a property or boundary without **first** obtaining trustee approval and that is subsequently rejected by the Trustees, will need to be returned to its original appearance at the plot holders' own expense.
