

BEING PRESENT MATTERS

THE DISTRICT GOAL

Reduce chronic absenteeism by 1 percentage point.

45 STUDENTS

Based on a district enrollment of 4,486 students, a 1-percentage-point reduction represents approximately 45 students moving out of chronic absenteeism.

ALL4LOVE CONTRIBUTION

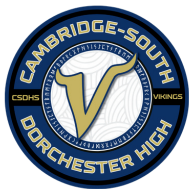

Through the CIS model at 5 identified schools, A4L will target chronically absent students for individualized and school wide supports.

45 STUDENTS

If approximately 45 chronically absent students across our schools move out of chronic absenteeism, it equals the impact of the district's 1-percentage-point reduction goal.

SUCCESS DEPENDS ON INTENSITY: At a 75% success rate, we would need to serve ~60 students. At a 60% success rate, we would need to serve ~75 students.
