

~Making Lake City a vibrant place to live, work, play, and visit~

Thank you for your support over this past year! We have even bigger plans for the year ahead; however, we need your help to make it happen! Although DLC has limited financial resources, we are proud of our members' active, energetic and creative approaches to identifying issues and opportunities, along with seeking solutions through practical and realistic planning and implementation. DLC has been an advocate for many Lake City projects over the years.

- DLC advocated for the new highway and infrastructure.
- We have done the research and development of the future Wayfaring/Wayfinding signage in Lake City.
- We are working to improve Lake City's downtown area and parks.
- DLC raised funds for and erected the 'Ralph Samuelson Water Ski Monument' in Ohuta Park.
- DLC works to clean Lake City's waterfront/beaches with our community 'Spring Beach Clean Up' event.
- DLC is working towards the development of the Lake Pepin Interpretive Center/community center.
- DLC is working to improve the business climate and encourage local support of businesses.
- With DLC's 501c3 tax free status, we can act as a fiscal agent for young and new organizations.
- DLC provides volunteers for the Lake City Chamber and other community group events.
- We work with elected officials (City, County, State) to secure desirable developments for Lake City.
- DLC encourages fiscally responsible city budgeting and expenditure processes.

DLC prides itself with forward thinking, vocal support and works to raise money for its projects through membership fees, gifts, grants, and occasional fund raisers. Please consider continuing to support Destination Lake City by renewing your membership today. The membership application form is attached below.

We are grateful for your generosity and sincerely thank you for your generous support.
