

## Community Winter Clean-up

With winter coming to a close and warmer days filled with sunshine creeping into the calendar, homeowners are invited to support the community at large by taking advantage of warmer days to do light clean-up around individual properties. With community grounds maintenance on hold during the winter, we, as homeowners can make a difference in how our community looks as spring beckons by simply taking a few minutes to sweep up pine needles and pick up trash that has been blown in by the winds. It is also helpful if everyone takes a moment to pick up small pieces of trash around the dumpsters as you deposit your own trash and recyclables. Together we can keep our community looking awesome 'year round!! Thank you for being a good neighbor!!

*If you have any additional questions or concerns, please contact the community property manager.*
