

EARTH DAY

EVERY DAY IS EARTH DAY!!!

**REDUCE
RESUSE
RECYCLE
REPLENISH
RESTORE**

Earth Day should always be a day of celebration with an emphasis on daily and ongoing awareness and actions that continuously help our environment thrive and renew.

Every year on Earth Day, it's the perfect time to put the five Earth Day prongs into motion!

Start simple, clean out a few drawers or a closet. Shift to the garage.

Then embrace a warm and sunny day and spruce up your yard.

And if you're really feeling ambitious, put on a plastic glove, grab a bag and toss trash into it as you walk the neighborhoods to enjoy much appreciated outside time.

THERE IS NO BETTER TIME TO HEAL THE WORLD!!!

"All things are connected like the blood that unites us. We do not weave the web of life, we are merely a strand in it. Whatever we do to the web, we do to ourselves." - Chief Seattle
