

# **Pastor Scott Lee's "RESTORATION" Sermon Series!**

## **Part 1: Restoring a Project Car>>>Sunday 9/14/2025**

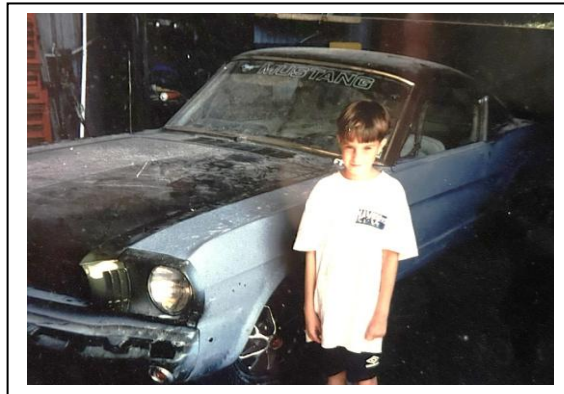

**At St. Matthew, Woodlyn at 9AM or Immanuel, Norwood at 11AM**

They are known as junkers or clunkers, survivors, rust buckets, beaters, or heaps – old cars that have seen better days. They may seem like hopeless causes destined for the junkyard. But in the hands of an expert auto restorer, these cars can be made better than new. It's a great metaphor for what scripture says that God does with us. He sees us, not simply as we are, but as we could be. And he is an expert at restoring people!!!
