

Allen DePuy Joins Hilda W. Allen Real Estate as Lead Golf Advisor

Adel, GA – September 23, 2025 – Hilda W. Allen Real Estate, Inc. (HWA), a nationally recognized brokerage specializing in golf courses, marinas, campgrounds, and specialty real estate, proudly announces the addition of Allen DePuy, a seasoned golf broker, consultant, and manager, as its new Lead Golf Advisor.

DePuy, who most recently served with Colliers International, brings decades of specialized experience in golf course brokerage, operations, and management consulting. Over his career, he has advised on transactions and operations for private clubs, public golf courses, and resorts nationwide, establishing a reputation as one of the most trusted advisors in the golf real estate space. DePuy also owns The Golf Consultants, a boutique advisory firm providing tailored consulting services to golf course owners and operators.

The announcement comes during a pivotal moment for HWA Real Estate. Following the sudden passing of founder **Hilda W. Allen** three years ago, the firm has been dedicated to honoring her groundbreaking legacy while reinvigorating its brand for a new era. Hilda was a true pioneer in the golf brokerage industry — a trailblazer whose integrity, vision, and relentless drive made her an icon among clients and colleagues.

For DePuy, the transition carries personal meaning.

“Hilda was not only a groundbreaking leader in our field but also a close personal friend,” said DePuy. “Her influence on me — and on this entire industry — is immeasurable. It’s an honor to join HWA and play a role in carrying forward her vision while helping strengthen the firm’s future.”

Marty Howell, Broker/Owner of HWA Real Estate and son of Hilda W. Allen, added:

“Allen’s expertise, relationships, and operational knowledge in the golf industry are second to none. His joining HWA marks an exciting new chapter for our firm as we honor my mother’s legacy while reintroducing the HWA brand with fresh energy

and expanded capabilities. We're confident that Allen will be instrumental in advancing our golf advisory services and deepening the trust we've built with owners and investors across the country."

Over the past four decades, HWA Real Estate has completed thousands of transactions and billions of dollars in specialty asset sales, becoming the nation's go-to brokerage for golf and specialty assets. With DePuy's addition, the firm is expanding its consulting and advisory services while continuing to deliver confidential, expert representation.

DePuy will continue to be based in Yardley, Pennsylvania and will collaborate with HWA's nationwide team of associates to expand the firm's golf reach and advisory practice.

About Hilda W. Allen Real Estate, Inc.

Founded in 1980 by **Hilda W. Allen**, HWA Real Estate is a nationally recognized real estate brokerage specializing in golf courses, marinas, campgrounds, resorts, and large land tracts.
