Welcome to Broken Bow

The Southeast corner of Oklahoma, known as Little Dixie, is home to some of the most beautiful and breathtaking views this side of the Mississippi River. Located in this region is McCurtain County. Named after several great chiefs of the Choctaw Nation, McCurtain County occupies the extreme southeast corner of the state and borders Arkansas to the east and Texas to the South. The US Census Bureau estimated the population as of July 2019 to be 32,832. Broken Bow, located in the heart of McCurtain County, is a thriving, close-knit community and a much sought-after tourist destination. Since its humble beginning in 1911 as a railroad town, Broken Bow has seen both economic and agricultural growth. Broken Bow's tourism industry is at an all time high with

over one million visitors every year. Life Magazine even named us as one of the 100 Best Places to Visit in America. Playing host to Beavers Bend State Park and Broken Bow Lake it is no wonder why people from all over enjoy a break from the hustle and bustle of fast-paced life to do some fishing, go horseback riding, canoeing, hiking, ATV riding, 18-hole golf or hunting. We boast beautiful modern and rustic cabins as well as RV and tent camping sites. We even have two large group camps situated inside Beavers Bend State Park. Broken Bow is home to some great fishing. Our lake has 180 miles of shoreline. It is one of Oklahoma's most picturesque lakes and has kept our locals and our guests coming back for generations.

We have a very rich Native American history which came to a head during the Trail of Tears; a result of the Indian Removal Act of 1830. We are very proud of our Choctaw heritage and showcase several museums and memorials to honor our ancestral heritage. We also have a heart for the forests that surround us which, along with our abundant waterways, is our most prominent natural resource.

We truly hope that you will enjoy your visit. We're sure you'll find our residents friendly and helpful and our natural resources beautiful. We urge you to take your time and stop in to chat with us. We've always got a smile and a friendly handshake for you.

Welcome to Broken Bow, home to many independently owned and operated businesses, giving shoppers personalized customer service and a large selection of unique gift items.

Broken Bow has many recreational facilities from two city parks, an airport, a 7-field Youth Baseball Complex, and a new splash pad.

SHOP LOCAL. SHOP BROKEN BOW.

Improvements along Main Street intend to show the long term vision for new businesses and restaurants surrounding the new Park and Amphitheater. Street improvements, parking, landscaping, and street lighting support a 20 year vision for incremental improvements. The new public park will be flanked by large patios along the south side of Building 2, and the north side of Building 3. This shared park and amphitheater will host public and private events and be an "outdoor room" for the community to use.

Broken Bow has several commercial and residential lots for sale throughout the city.

Commercial retail lots for sale on Main Street for \$9,500.00 and 11 acres south of town.

Fort Towson was established in 1824 as a frontier fort to guard the United States Southern border against Spanish invasion, from across the Red River. By the late 1820's, the frontier was pushing further westward. The fort was repurposed as the destination site of the Choctaw Indians during the westward removal of the Five Civilized Tribes, known today as the 'Trail of Tears'. The fort was eventually abandoned by the government in 1854. During the Civil War, Confederate General Sam Bell Maxey used the fort as his headquarters.
