

THE ARTS IN DOWNTOWN ZANESVILLE

Join us for the November First Friday ArtWalk, November 3rd from 5pm - 8pm.

ART COZ ARTIST OF THE MONTH

DENNY MOZENA

- Artist Bio -

Denny has been hammering steel since he was a child. He worked at the Roscoe Village blacksmith shop as a teen as well as developed a national iron garden accessory line for a local pottery. A few years later he started his own wrought iron company with his wife, Valerie. During that era, he fabricated wrought iron railings, driveway gates and fencing, freelance work for companies like Longaberger, and had a wholesale iron garden accessory line. After their 3rd child was born, he went to work for Conesville Power Plant until it's closing and currently at Cardinal Power Plant in Brilliant, Ohio.

Now as a side hustle and sometimes pure enjoyment, Denny continues to fabricate beautiful hand forged metal iron pieces. Working at the forge and anvil bending hot pieces of metal is his favorite place to be. Denny's custom work has included President Buchanan's memorial in Pennsylvania, archway at General Sherman's house in Lancaster, Ohio, wine table for Charles Schultz and plant stakes in Martha Stewart's gardens in New York.

Today, Denny enjoys doing metal artwork that ranges from horseshoe metal creations, scrap metal sculptures, and intricate hand forged one of a kind items.

He has been a lifelong resident of Muskingum County, Ohio. He has been a 4-H advisor for over 30 years and also is a member of the Muskingum County Senior Fair Board. He enjoys homesteading with his wife and 3 children Samantha, Tom, and Logan.

The ZAAP Gallery - Shelby Spilker

Shelby Spilker is the featured artist at ZAAP in November. Shelby says, "I was lucky enough to grow up in a household that fully supported and encouraged my art and got me involved in my local art communities from a young age. My grandfather was a woodcarver and wood burner. It would always bring me to his shows with him and my grandma. My mom was the director of the Salt Fork Arts Festival for a few years, and we were always involved with the local Cambridge art community. I've been creating in different mediums for as long as I can remember, but over the last year, I found my style and a niche I enjoy. Most of my work is created using a pyrography unit to add details and embellishments. I utilize watercolors, gel pens, and gold leaf and ink. I dabble in some paintings and mixed media but enjoy using more natural components in my art. The nature collages I create are made using primarily items I've searched for and foraged myself, except for some self-dried bouquets and a few other bits and bobs I use to create the finished product. Visit the ZAAP Gallery at 625 Main Street Thursday through Sunday from 1 to 5 p.m. and First Friday from 5 to 9 p.m."
