Subject: Denley Loge is the Business Choice

Representative Denley Loge, now running for Senate in District 45, is a strong business candidate who cares about the future of Montana. His work ethic, background, and perspective have made him an important ally for small business in the Capitol.

As the voice for thousands of Montana businesses, the Montana Chamber works to improve our business climate, advance entrepreneurship and workforce readiness, and support infrastructure. Loge's service on the Transportation and Business & Labor Committees means he is in-tune to the needs of local businesses and infrastructure.

Representative Loge is always willing to work with us on issues and supports legislation to help Montana businesses. In the last two legislative sessions, Loge has earned the Montana Chamber's "Champion of Business" award for supporting and championing Montana business priorities.

In the 2023 session, Loge was on our side as we worked to lower business taxes, fought to keep workers compensation rates low, and helped protect businesses from frivolous lawsuits.

Denley Loge is committed to his community. He is a leader with conservative values and common sense. A vote for Loge is a vote for the future of our state and economy.

Sincerely,

Todd O'Hair  
President & CEO  
Montana Chamber of Commerce
