8x8	MW0808	50016-091616	64 cm ²
10x10	MW1010	50016-091613	100 cm ²
20x24	MW2024	50016-091632	480 cm ²

Membrane Wrap™

HCPSC code for Membrane Wrap™

Understanding Membrane Wrap™

- Billing Units
- Billed per square centimeter
- Billing Example for 2x2 cm
- Membrane Wrap™ used for Diabetic Foot Ulcer (DFU):
 - Q4205
 - CPT 15271-15278
- Use JW modifier to show discarded amounts of skin substitute used.
- Reporting requirements for new JZ modifier started July 1, 2023. Medicare requires the JZ modifier on all claims for skin substitutes whereby there is no discarded amount.
- Please refer to your local MAC policy for modifier guidance.

REIMBURSEMENT DISCLAIMER: BioLab Sciences, Inc. provides this coding information for informational purposes only. It does not constitute coding, coverage, payment, or legal advice for BioLab Sciences products. There is no representation, warranty or guarantee of reimbursement by any payer. It is the provider's sole discretion and responsibility to determine medical necessity, the proper site for delivery of any services, and to submit appropriate codes and charges for services that are rendered and products furnished in accordance with applicable payer rules and requirements. Providers should contact their payers for specific and current information on their coding, coverage, and payment policies.

2023 Medicare Reimbursement Guide

CPT[®] is a registered trademark of the American Medical Association

BioLab Sciences Membrane Wrap[™] is a unique DUAL- LAYERED dehydrated human amnion membrane (dHAM) allograft composed primarily of a connective tissue matrix. It is minimally manipulated, preserving the properties that it exhibits in its natural state. The presence of the connective tissue matrix aids in protecting the wound.
