

An Initiative Constitutional Amendment  
by grassroots volunteers

*Initiative 25-0017*

***We need 1 million signatures to put this on  
the November 2026 ballot!***

#### What Is This Petition?

- ✓ **Repeal Prop 19's market-value reassessment on inherited property** (passed in 2020 under a deceptive title).
- ✓ **Restore intergenerational property tax transfers** under Prop 58 and Prop 193.

#### Why It Matters

- ✓ Inherited properties are reassessed at market value, causing taxes to skyrocket from thousands to tens of thousands per year.
- ✓ Families — including seniors and the disabled — are being forced to sell long-owned homes and small businesses.
- ✓ Renters are evicted when new owners can't afford the higher taxes.
- ✓ Future generations are harmed; with home prices so high, inheriting a property is often the only path to homeownership.
