

DIRECTOR VACANCY

MOAB Irrigation District 20 is looking to fill a Director vacancy. This position will be filled by appointment by the county commissioners, and the process is likely to go much quicker if the board makes a recommendation for appointment.

Interested candidates are encouraged to complete the county Boards and Commissions Application available [here](#) and transmit it to the office. Alternatively, the application can be submitted directly to the county, but this will bypass the board review and recommendation process.

A description of director responsibilities starts at RCW 87.03.115.

Please return your completed application to the office:
25805 E Trent Ave – Newman Lake

Or mail it to:
MOAB Irrigation District 20
PO Box 81
Newman Lake WA 99025

Or email it to:
