

Supplier's selling documents for the 2024 True Value Fall Reunion will be provided by True Value following the Merchandise Department review of your submission. All materials will be sent via email to the contact on file and posted to Netwarehouse on the supplier's behalf by 8/15/2024.

These charges include:

- Posted and emailed PDF Catalogs
- Signage packets with QR Code

The billing and payment to True Value for production/posting will be performed as follows:

A deduction from next remittance will be processed the week of 11/1/2024.

For suppliers who participate at an In-Person Reunion and have a booth presence, the expectation is that Warehouse and Drop Ship Events will be submitted in VMD for processing. There will be no fees charged for those events or Hot Buys that are offered on True Value's B2B portal Netwarehouse.

All suppliers regardless of booth participation, will be assessed a fee for Discount City PDF materials/spot location on the Reunion floor. The first pallet offered will be assessed a \$475 fee as part of the Travel Pass Program and netted out remaining Discount City fees.

All other additional Discount City Pallets offered will be assessed per the schedule below. Fees will be calculated by measuring sales dollars or units sold by each Pallet/Displayer. Whichever is higher to meet the lowest fee threshold will be used.
