

Preventative Maintenance Contract

This contract indicates the agreement between HH Mechanical and the below signed in accordance with the Preventative Maintenance Schedule set out by HH Mechanical Inc. This schedule is set between the months of April and May with the understanding that all required preventative maintenance may be completed with no prior warning to the date.

Preventative Maintenance includes the following services:

- **Overall Unit Health Check**
- **Electric Component Check**
- **Refrigeration Leak Test**
- **Condenser Cleaning**

Please note that this contract does not apply to any emergency calls or scheduled work outside of the defined Preventative Maintenance service. Participants of the program will receive priority service in the event of an emergency subject to technician availability.

We are happy to provide a courtesy update once Preventative Maintenance has been scheduled.

Please provide your preferred method of contact:

Contact: _____

I, the signee, understand that the completion of said maintenance will be carried out under the guidelines included in this contract and I will be responsible for any and all charges incurred during said maintenance.
