

Life-Products 10-G

(Liquid form # 44200-L)

U.S. Patent No. 8,802,171

Microbial Feed Additive for Dairy Cattle

Contains a source of live, naturally occurring bacteria.

About Formula 10-G: Formula 10-G contains a proprietary formulation of beneficial and viable Lactic Acid Bacteria. Formula 10-G was developed solely by The Vit-E-Men Company based on an extensive research and development program. This ongoing program includes several university experiments and multiple field trials.

Guaranteed analysis: Formula 10-G contains not less than 20 billion cfu's per gram, of *Lactobacillus acidophilus*; *Enterococcus faecium*; *Pediococcus acidilacticii*; *Lactobacillus brevis* and *Lactobacillus plantarum*. When fed according to label directions, Formula 10-G will supply two billion cfu per head per day.

Ingredients: Natural plant extract, dried *Lactobacillus acidophilus* fermentation product; dried *Enterococcus faecium* fermentation product; dried *Pediococcus acidilacticii* fermentation product; Dried *Lactobacillus brevis* fermentation product; dried *Lactobacillus plantarum*; Paraffin; Synthetic amorphous precipitated silicon dioxide.

Storage: Store in cool dry place out of direct sunlight.

Directions for use: Consult with a representative of The Vit-E-Men Co. Inc.

- Dairy cattle: 1 gram/10-hd/day.

Disclaimer of warranty: The Vit-E-Men Co. Inc. warrants that the product conforms to the label description. Liability of seller shall be limited to the purchase price of the product, which shall be the buyer's sole remedy.

Manufactured by:
The Vit-E-Men Co. Inc.
306 E Omaha Ave.
Norfolk, NE. 68701-1252
