# Editor's Notes

Brian Miller - War Whoop Editor

**T**his issue is the same size as the last issue. We have the usual War Bonnet Gourmet column but instead of our usual gourmet, Laura Swope, I had to come up with a recipe. I asked my family and this recipe was the unanimous decision. This was something I had as child all the time. It was easy to make and the more sugar you put on it, the better it is! My kids love it and I never make enough. It is not as fancy as our usual gourmet submission, but it sure is good!

Since I sold my 944 turbo a little over a year ago, I have been Porsche-less for the first time in my life since I was 17. I thought it would be no big deal. I would give it a couple of years and then pick up another one. But I don't know if I can hold off until my daughter takes the car I am currently driving in two years.

I am officially beginning to look for a replacement Porsche. I am wanting a 2017 or 2018 Cayman or Boxster and I would really like it to be in Miami Blue.

I saw one on the road a couple months ago and I said if I got another one, it would be that color. I did see a black one the other day that I would really like to have but I am going to hold off until I can find the Miami Blue one. I have had Black, Silver, and Red ones before, and I had purchased them on impulse, so I think this time I will hold off to get the exact color that I want. I just hope I can find one within the next two years. That color seems really hard to find.

The calendar of events have been updated so be sure to check out inside the front cover and pick an event to attend or two. Hope to see all of you at an event soon and hopefully in my Miami Blue Boxster!!

Steve Pistole - War Bonnet President

**A**nd a Good Time Was Had by All This season our local club has focused on social and driving events. Board member Matthew Porter has set up overnight trips to various points of interest that were all well attended. Including an out of state trip that took in some sights in Texas. He has also planned out some fun day trips. More info in his upcoming article. Keep an eye on the web site for the next adventure.

Laura Swope set up a breakfast trip to Just Waffin in Stillwater. Sixteen cars showed up for our early morning take off. There was a good cross section of Porsches including a classic 930 Turbo and a brand new GT4. Brian Swope led the drive. If you're going to go to Stillwater, do yourself a favor and instead of taking I-35 up to SH 51 get off on SH 33 in Guthrie. Go east then turn north on Coyle road. It's a low traffic and very scenic route to SH 51. We also went through parts of the OSU campus and saw the new baseball field. No doubt a first class facility.

The restaurant was in a shopping center and parking was plentiful. We were lined up out the door but just to place an order. There was plenty of

room inside. They had a wide variety of waffles and breakfast fare. As the morning wore on the line grew longer. Instead of being out the door, it was out the door and down the sidewalk in front of the building. Good food and obviously a popular place. It's my understanding that in London waffle shops are as common as a Starbucks in the United States. I can see why. It was a little different with good food and worth the drive.

## Brian's Eggerdash

By Brian Miller

### INGREDIENTS

4 eggs  
1 cup flour  
2 cups milk  
1 tablespoon sugar  
1/8 teaspoon salt

### DIRECTIONS

Mix all of the ingredients well. Pour a scant 1/4 cup of the batter onto a hot skillet. Cook turning once. Put on plate and then sprinkle with sugar. My daughter likes to spread preserves at this point, but I just pour on more sugar. Roll it up like a little burrito and then pour more sugar on the top of the rolled crepe. In my house you can't cook these fast enough so it is a good idea to maybe have a couple skillets going at the same time. This makes a lot but I guarantee you won't have any left over!

# Once Upon a Time

By Steve Pistole

Once upon a time the hardest part of ordering your dream Porsche was being able to pay for it and making the last few option decisions. Not any more, but that's not good news. The term not available is becoming more prevalent. Unforeseen and previously unheard of circumstances have made certain parts and raw materials in very short supply or just plain unavailable. If you have driven past any new car lot you could have noticed the difference. Many look like ghost towns instead of sales lots. It's my understanding from people in the car business this supply chain disruption is expected to impact vehicle production for more than a year. It has also had a big impact on the used car market.

This 1982 911 SC on the opposite page recently sold on Bring A Trailer for over \$ 90,000. No, it had not been owned by Jennifer Aniston, Shania Twain or anyone in the Porsche family. It's just a very nice car. Good deal for the 1982 911 SC people. ( This writer included )

Times change, the top end of popularity changes but all Porsches are top quality vehicles providing a precision driving experience. Keep an eye on your mail box, e-mail and the web site for club events. Enjoy your car every chance you get, come to events when you can and hopefully the top headline will apply.

We are excited to announce our collaboration with Clubregistration.net !!

Utilizing this service for our events that require waiver such as autocross, club drives, or social dinners captures your e-signature and makes sure all waivers are signed and stored in our system with minimal to no hand to hand contact at event check in. This also gives us a head count for events that need seating or food accommodations.

We will provide direct links on our website and mailers so that you can go straight to the event you want to register for so that you do not have to search the site for your event.

To sign the required waivers, you must enable the e-signature function. Once enabled the waivers for your events will appear in your dashboard for you to sign.

For further questions please reach out to Laura Swope. [ljswope@yahoo.com](mailto:ljswope@yahoo.com)
