Foreword

The following pages of this Index represent almost a year's labor, as each page was read, highlighted and copied on 3 x 5 cards, then proof read before any typing was started.

There are many names spelled in two or three different ways. The McComber family, or is it Macomber? Rhunke or Runkhe? Gebhart or Gephart? Dinning or Dunning? Are a few examples. Unless we have positive proof of a mis-spelled Surname – it appears in this index as printed in the book. THEREFORE, if in doubt, look for other spellings.

As we had access to the Doniphan County, Kansas Marriage Records, whenever possible, names and dates were included – items which will not appear in the Reprinted Illustrated.

Every effort was made to cross check and proofread every page number. If an error appears, it is not intentional.

This Index was developed to be of assistance to the reader searching for a particular family.
