

# Health Screening Kiosks

20-ESH-002-MB-PAD

October 19, 2020

**Site workers and visitors are required to submit to a health screening prior to accessing facilities at the Paducah Site each day** in order to reduce the likelihood of exposure or slow the spread of the virus.

Consistent with guidance provided in:

- Department of Energy Office of Environmental Management's COVID-19 Remobilization Framework.
- Site-Specific Plans.
- CDC and local public health guidelines for resumption of operations during the COVID-19 pandemic.

# Self-Check Kiosks

**Beginning Tuesday October 27, 2020**, PGDP will be transitioning from the existing health screening process conducted at the C-213 Hobbs Road Access Point by HealthWorks, to self-check kiosks located at several entry points around the site. Medical personnel will be on hand for the first 7-10 days to assist with the process.

- Posters will be displayed at all kiosks detailing the COVID-19 screening questions as well as directions for operating the station.
- In addition, a listing of states that meet or exceed the positivity rate of 15% will be posted daily at all kiosk locations.

# Screening Station

ANSWER COVID-19 SCREENING QUESTIONS

## Step 1: Screening Questions

1. Do you have or has anyone in your household had any of the following **COVID-19 symptoms** over the past 14 days? (Fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea)
  - *Note: Seek emergency medical attention for trouble breathing, persistent chest pain or pressure, new confusion, inability to wake or stay awake, and/or bluish lips or face, as these may be emergency warning signs for COVID-19.*
2. Have you, or has anyone in your household, had close contact\* or direct contact\*\* with any person confirmed positive or being investigated for (test pending) COVID-19 in the past 14 days?
  - \*Close contact is defined as being within approximately 6 feet (2 m) of a person confirmed positive or being investigated for (test pending) COVID-19; close contact can occur while caring for, living with, visiting, or sharing a healthcare waiting area or room with a COVID-19 case.
  - \*\*Direct contact is defined as direct contact with infectious secretions of a person confirmed positive or being investigated for (test pending) COVID-19 (such as, being coughed on).
3. Have you traveled to any state reporting a high number of COVID-19 positive tests ( $\geq 15$  percent) or a foreign country identified as Level 3 High Risk by the Centers for Disease Control and Prevention (CDC)?

If you answer "NO" to all of these questions, then complete Step 2 prior to working at the site each day.

If you answer "YES" to Question 1 or 2, then contact site Medical staff at 270-441-5766 (nights and weekends call PSS, x6211)

If you answer "YES" to Question 3, then contact your designated travel screening contact (see Self-Check Kiosk FAQs poster for more details).

## What Are The COVID-19 Symptoms?

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

### When to seek emergency medical attention

Look for emergency warning signs\* for COVID-19. If someone is showing any of these signs, seek emergency medical care immediately:

- Persistent chest pain or pressure
- New Confusion
- Inability to wake or stay awake
- Bluish lips or face

\*This list is not all possible symptoms. Please call your medical provider for any other symptoms that are severe or concerning to you.

## Screening Station

### TEMPERATURE SCREENING INSTRUCTIONS

# Step 2

- ✓ Align head and shoulders with blue profile line
- ✓ Position face within 18" of scanner
- ✓ Forehead must be exposed (hats/hair should not block forehead)
- ✓ Normal temperatures are between 95.9F and 99.7F (kiosk voices "Your body temperature is normal" and screen shows temperature and reads "Normal" message)
- ✓ High-temperature audible alarm sounds at or above 99.7F (kiosk voices "Your temperature is out of the recommended range" and screen shows temperature and reads "Abnormal" message)
- ✓ If "Temperature is too low" warning received (less than 95.9F) kiosk voices "Please try again." Step aside, wait five minutes and obtain temperature again.
- ✓ When "Your temperature is out of the recommended range" audible alarm is received (kiosk reads "Abnormal" message) and you **do not** feel ill (such as when you suspect reading affected by external factor), then step aside, wait five minutes and obtain temperature again.
- ✓ When "Your temperature is out of the recommended range" audible alarm is received (kiosk reads "Abnormal" message) and it is either your second attempt or you do feel ill, then return to your vehicle and contact site Medical staff at 270-441-5766 (nights and weekends call PSS at 270-441-6211).
- ✓ If your temperature is between 95.9F and 99.7F, then proceed to work on-site today.

## SELF-CHECK KIOSK FAQs

All Paducah Site personnel who travel to/from locations in either of the following categories are expected to self quarantine for a 14-day period prior to entering/returning to the site:

- State reporting a positive coronavirus testing rate  $\geq$  15 percent
- Foreign country identified as Level 3 High Risk by the CDC

A list of states and foreign countries most recent data can be found on the list below or through the following resources:

- Check your company intranet
- <https://coronavirus.jhu.edu/testing/testing-positivity>
- <https://www.cdc.gov/coronavirus/2019-ncov/travelers/map-and-travel-notice.html>

***If you have visited any of these areas, then contact your company's designated point of contact as provided below***

**Attach Current Travel Guidance**

## So You Know...

- **Do not proceed to work onsite until successful completion of the daily health screening process.**
- If “Temperature Too Low” warning received (less than 95.9F), then wait five minutes and try again.
- When high-temperature audible message received and you do not feel ill (such as when you suspect reading affected by external factor), then wait five minutes and try again.
- When high-temperature audible message received and it is either your second attempt or you do feel ill, then **return to your vehicle and contact site Medical staff** at 270-441-5766 (nights and weekends call PSS at 270-441-6211).
- Maintain face covering and social distancing while in queue to perform self check.

# Kiosk Locations

- **C-100** Admin Building (3 units)
- **C-103** DOE Site Office (1 unit)
- **C-104** Badging Office
- **C-720** Receiving Area
- **C-746-U** Landfill Complex
- **C-764-T02** DUF6 Facility (4 units)
  - C-1100 Admin Bldg. – NE Corner
  - C-1100-T01 Admin Trailer (Common Area)
  - C-1215 – Vehicle Access House (Outside DUF6 entry to C-1100 Bldg.)
  - C-1220 – Vehicle Access House (Near roto-gates at NW corner of DUF6)
- **Post 15** (3 units)
- **Post 48**
- **C-755** Complex (3 units)
  - T01
  - T19 & T23

# COVID Screening Question Changes

- Implemented through Standing Order SO-OPS-C-20-004, effective 10/27/2020:

Do you have or has anyone in your household had any of the following COVID-19 symptoms over the past 14 days? (Fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea)

## When to seek emergency medical attention

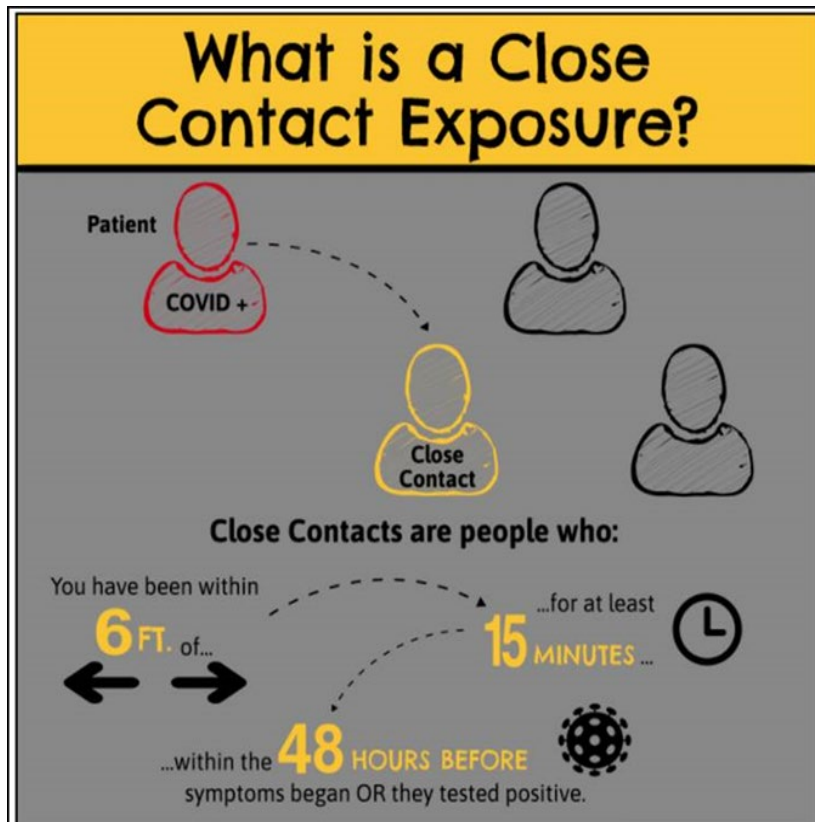

Look for **emergency warning signs\*** for COVID-19. If someone is showing any of these signs, **seek emergency medical care immediately:**

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

\*This list is not all possible symptoms. Please call your medical provider for any other symptoms that are severe or concerning to you.

# COVID Screening Question Changes

Have you, or has anyone in your household, had close contact\* or direct contact\*\* with any person confirmed positive or being investigated for (test pending) COVID-19 in the past 14 days?

## What is DIRECT CONTACT?

An example is being sneezed directly on.

# COVID Screening Question Changes

Have you traveled to any state reporting a high number of COVID-19 positive tests ( $\geq 15$  percent) or a foreign country identified as Level 3 High Risk by the Centers for Disease Control and Prevention (CDC)?
