

ZÉLIE'S

a place for creators

SPACE

A place where creativity abounds. A place where the traditional arts of faith and culture are preserved, transmitted, and expressed. A place to exchange inspiration.

SKILLS

Masters unveil their secrets during classes, workshops, camps, and courses. Ancient methods make themselves new again in hands and minds that treasure them. An individual touch appears in a surprising way.

PEOPLE

Relationships connect and re-connect over wine and canvas. The hidden qualities of those who are close are discovered and newly cherished. The meaning and emotion so strongly linked to those who are absent is held in the hand.

FAITH

To create is to participate with the Creator. Through the prayer of the hands, grace becomes woven into what is made. Truth speaks, beauty is revealed, and saints assist in unexpected ways, expanding the dimensions of the heart.
