

Italian Culture Incursions Program

Stella Scuola is a cultural education project that has been active for over a decade. We have brought the joy of Italian heritage to hundreds of schools across **Victoria**, **Queensland**, and **South Australia**, enriching language programs and community days with our unique and dynamic approach.

Our **philosophy** is rooted in the belief that culture should be **performed** and **experienced**, not just studied. Each of our incursions is built around four integrated pillars:

Live Performance (25%), Narrative (25%), Games (25%), and Multimedia (25%).

This creates an engaging and accessible atmosphere where students of all ages can connect with Italian culture through interaction and fun.

According to the level and the student necessities, the mix can be modified for a format which suits the situation best. Every activity can be efficiently organised as a one-off incursion, a full immersion day event or multi-session lessons covering one or more school terms.

Our mission is to intrigue students with our heritage, the traditions and we firmly believe that this happens much more having fun and spending a pleasant time together.

Performing culture with a smile, this is our motto.

Some of our performers are also members of **Siesta Cartel**, Australia's most vibrant Italian music group.

Musica & Tarantella (Prep – Year 12)

A two-in-one session featuring sing-alongs and Southern Italian folk dance. Students explore traditional instruments, dialects, and cultural stories through music and movement.
