Registration

Emotionally Focused Individual Therapy (EFIT) Level 2

Participants will learn to:

- Adopt an attachment humanistic perspective on clients, problems and interventions
- Discover and distil core emotional experiences and promote emotional balance
- Outline protective, self-defining and interactional iatrogenic patterns
- Implement the 5 moves of the EFT Tango to shape corrective emotional experience and EFT micro-interventions.
- Choreograph dramas that expand the self and open engagement with others
- Integrate corrective emotional experiences into models of self and other
- Validate the client's sense of competence and worth in every session.

The prerequisite for EFIT 2 is EFIT 1.

Emotionally Focused Family Therapy (EFFT) Level 2

Participants will learn to:

- Conceptualize family distress and formulate a treatment plan guided by EFFT goals.
- Explore alliance practices that promote family engagement in treatment.
- Assess safety and contraindications for EFFT practice and conjoint practice.
- Identify EFFT change events and related therapist interventions.
- Enhance skill in accessing and assembling emotion associated with family distress.
- Increase effectiveness in use of enactments to engage and process attachment related emotions and needs.
- Identify treatment practice guiding the use of EFFT where parents have split up, divorced and/or remarried.

The prerequisite for EFFT 2 is EFFT 1.
