

LOVE TURTLES?

HELP OUT IN NOV TO PROTECT THEIR NESTS (IN NSW, SA, VIC, WA ONLY)

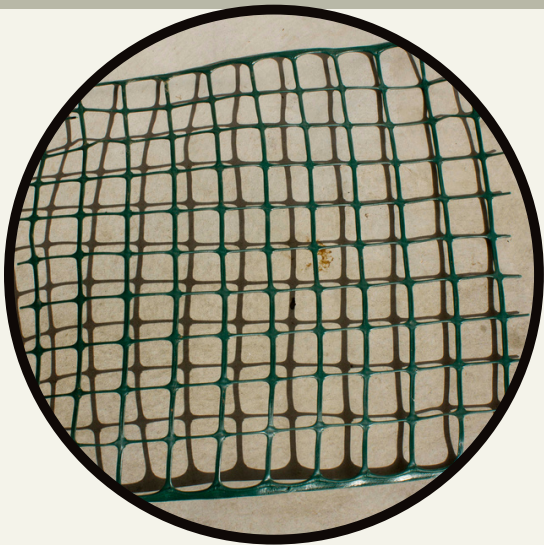

1. COMPLETE TRAINING

Scan the QR code to visit the nest protection page on 1 Million Turtles website to complete your online training and the quiz.

2. FIND NESTING SITES

This could be your local lakes, urban wetlands, lagoons or private land. Ensure you seek prior approval to access.

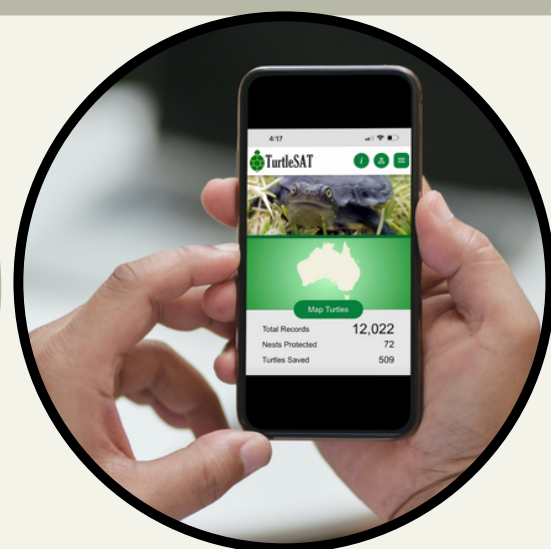

3. GET NEST PROTECTION EQUIPMENT

You will need mesh, turf pegs and a hammer to protect turtle nests.

4. SUBMIT DATA TO TURTLESAT

Report your nest protection efforts and any other turtle sightings and nest conditions to TurtleSAT.

5. RETURN TO SITE TO CHECK

Return to the site (where you protected nests) to check and remove all nest protection materials.

Download TurtleSAT from Google Play or Apple App store
