Ms. Mayor,

I registered all Council up for the LOC conference except Councilor Singh who told me he didn't plan to attend. My reason for registering the rest of Council is based on experience. It's impossible to get our delegates in the conference hotel – even paying full price - unless I do it as soon as registration opens. You're not committed to attending the conference and I'm happy to delete your registration and hotel if you don't want me to keep it as a placeholder.

Thank you for letting me know your preferences extend to all travel and training and you have my apologies for the error. Have a great afternoon!

Hi [REDACTED]

I've requested previously that you don't sign me up for anything unless I specifically say that I will attend and ask for your help in registering. I don't know if I'm going or not yet and it's a little frustrating to see that I was signed up anyway. Did you also register me for the conference, too?

In the future, unless I ask, please don't sign me up for anything.

Thank you!
Heidi

Ms. Mayor,

The only council member who said they are not attending the LOC conference in October was Councilor Singh. If you don't want to attend, I can cancel your registration and hotel; just let me know your preference.
