What Parents Are Saying....

**Another amazing season. I am so full of emotion as
we move on....**

**But we know we will always be family and will see
each other again soon.**

**Thank you for being the coaches my kids will
remember as "their coaches" forever.**

What Parents Are Saying....

Our sons have both benefited from your coaching and mentoring. We see the results in how, after every practice, they shake each one of their coach's hands and thank them. We see the results in the way our boys look adults in the eye to say hello...and thank each of their family members for coming to watch them play. We always say, the lessons they learned playing in this program, where the inclusion of their faith with sport is encouraged, are immeasurable and lasting.

What Parents Are Saying....

Just wanted to send a huge shout out and thank all Varsity coaches. Our son truly enjoyed playing for you and learned much more than just the plays. Teaching the boys respect of the game, opponents and especially each other was a wonderful thing as a parent to watch.

Thanking all of you from the bottom of our hearts for your time, dedication and respect you showed our son.

What Parents Are Saying....

We are on our 8th year with the program. We strive to surround our boys with great mentors that will help them grow into great men. For that reason...we would never consider any other program. Thank you for all that you do. We are grateful.

What Parents Are Saying....

We sure wish we had put our son in your program years ago! The focus around team first and earning your spots through effort and responsibility are a great lead in for these boys as they head to high-school.

What Parents Are Saying....

I cannot thank you and your team of coaches enough for everything.....my son's self-esteem was almost non-existent prior to coming into your football program. His 2 years playing for you have truly been a blessing. THANK YOU!!!!

What Parents Are Saying....

Even though our son has been playing football for 5 seasons, this year by far was the most rewarding. I know he learned so much. The program goes far beyond X's and O's. As a parent, I was continually impressed not only with your coaching but also with the individual interest you took in each player. I know I speak for my entire family in thanking you for your dedication, your direction, your teaching, your perspective and your leadership.

What Parents Are Saying....

I cannot adequately express how grateful I am to you and all of the coaches for helping to make our son a better football player and a better person these last few years.

What Parents Are Saying....

This was by far the best year of football our son has ever had. We are eternally grateful for all the coaches have done.

What Parents Are Saying....

I just wanted to send a quick note and really thank you and the other coaches for orchestrating a great program again this year. My son was on a real high last night and it made me really realize how much fun he is having, how much he is learning about the game and how hard he wants to work for you and the other coaches.

Your dedication and time commitment is appreciated and I know that the boys will all look back on their experience as nothing but awesome.....just look at the number of young men that came back for Homecoming this weekend, that speaks for itself.

What Parents Are Saying....

Thanks once again for your caring and being positive role model to my son. The Program is respected and better because of you and your coaches.

Thanks again for being a tremendous coach and role model for the boys this season. Our son has truly enjoyed his experience.

What Parents Are Saying....

I appreciate the level of confidence you helped instill in my son so he would enjoy the game but more importantly the positive example you set. Thank you for all that you have done. You have made a positive difference in many young men's lives.

What Parents Are Saying....

This football program was one of the best things that ever happened to our son. It gave him a lot of confidence and taught him a lot about respect both on and off the field. Not to mention how much he learned about football!!!.

What Parents Are Saying....

Several weeks ago you had some very nice things to say about our son. I would like to thank you for motivating him to improve every week. We have seen a big difference in him this year, not just on the field but at home, in the classroom and with his friends. Your coaching philosophy has left a lasting impression on him, regardless of record that is pure success to us. Our deepest thanks to you and your staff.

And Here Is What Our Players Are Saying....

Thank you all so much, it was a privilege to be part of this organization. You have taught me to challenge myself to become greater, and to lay down everything for my brothers. My love of the game will live on forever, all because of you coaches.

I wanted to thank you for everything you've done for me this year. I did not think I would improve as a person and as football player as much as I did this year. You and every one of the coaches helped me obtain important life skills that I will use forever - Leadership, determination, diligence, and respect.
