THANK YOU FOR YOUR CONTINUED INTEREST IN OUR WORK!

OUR DESIGNS ARE METICULOUSLY PLANNED AND EXECUTED WITH UNWAVERING DILIGENCE IN PLAYABILITY, SOUND, WEIGHT, APPEARANCE, PHYSICS & ERGONOMICS.

USING OUR SPECIALIZED CAD/CAM SOFTWARE, WE CONSIDER EVERY INTRICATE DETAIL BEFORE THE MANUFACTURING PROCESS IS DEVELOPED.

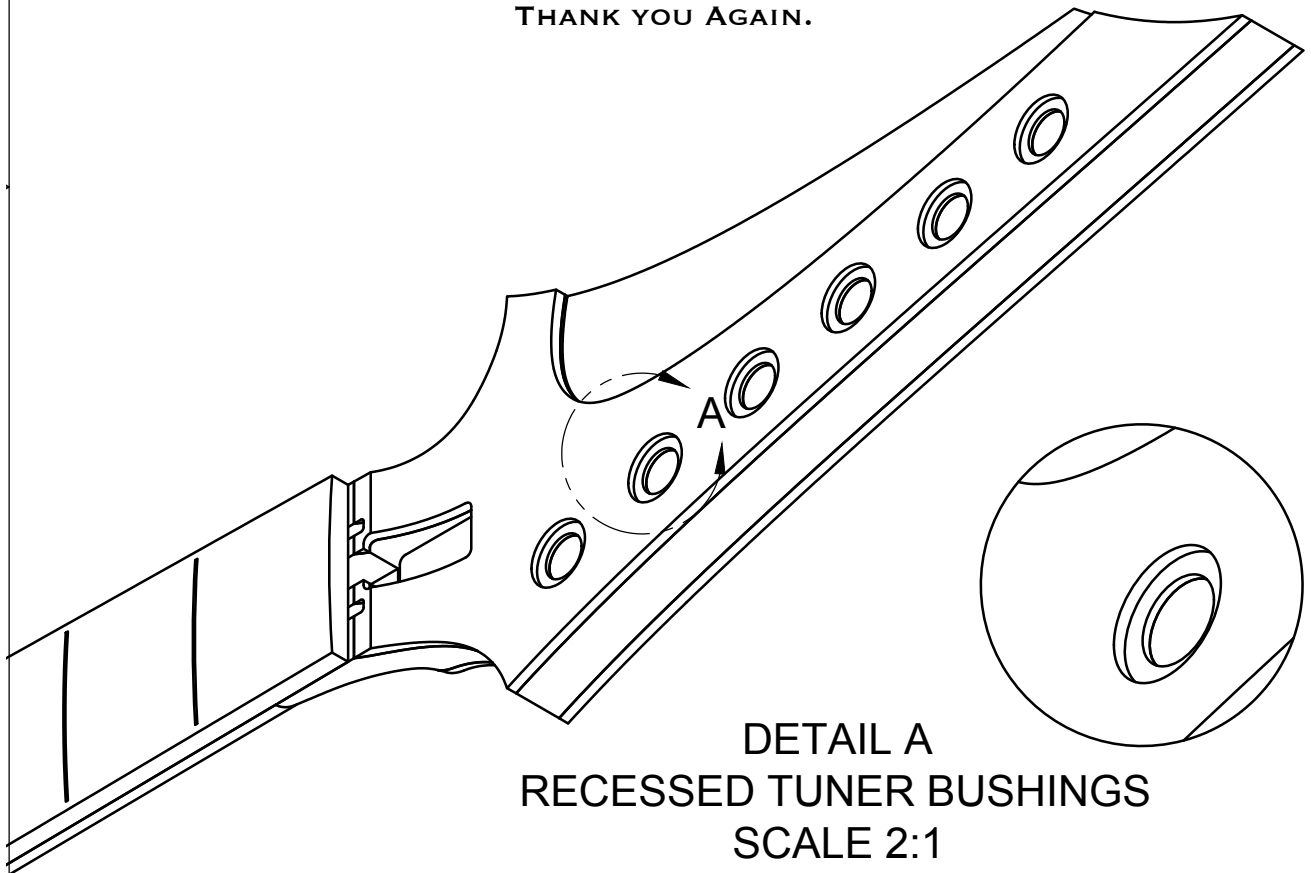

OUR WOOD STOCK IS CAREFULLY HAND SELECTED EMPLOYING A STRICT PROCESS CONSIDERING WEIGHT, GRAIN PATTERN, COLOUR, MOISTURE CONTENT, AND STRUCTURAL INTEGRITY.

NINETY PERCENT OF THE WOOD WE ARE OFFERED IS REJECTED AS UNUSABLE.

AFTER SELECTION, EACH PIECE SPENDS A MINIMUM OF SIX MONTHS IN OUR PROPRIETARY STORING METHOD ALLOWING IT TO ACCLIMATIZE AND DE-STRESS BEFORE PRODUCTION.

UTILIZING OUR CNC MANUFACTURING TECHNIQUES, WE ARRIVE AT THE MOST PRECISE DIMENSIONS POSSIBLE. COMPUTER DRIVEN PRECISION, CAPABLE OF ACHIEVING RESULTS IN A TIMELY, SCALABLE MANNER.

THANK YOU AGAIN.
