# REFRACTION SERIES

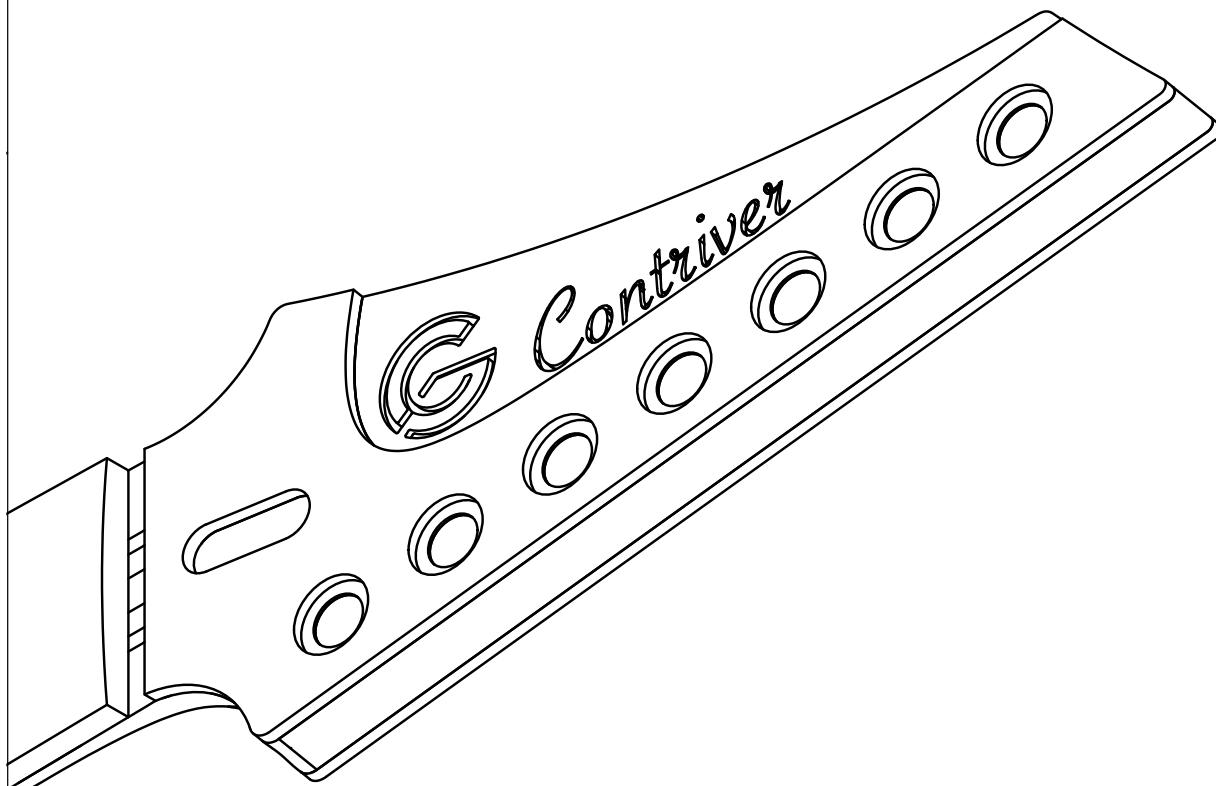

## GUIDED BY BEHAVIOUR

THE REFRACTION SERIES BUILDS ON OUR FOUNDATION BY INTRODUCING SINGLE 9.4° FIXED NUT BREAK ANGLE INTEGRATED VIA A HIDDEN SCARF JOINT BENEATH THE HEADSTOCK OVERLAYS. THIS DESIGN ALLOWS FULL, UNINTERRUPTED VIBRATION TRANSFER ALONG THE NECK.

THE REFRACTION SERIES DELIVERS A SLIGHTLY FIRMER FEEL ON THE LOW STRINGS AND LOOSER ON THE HIGHS COMPARED TO THE **FOUNDATION SERIES.**

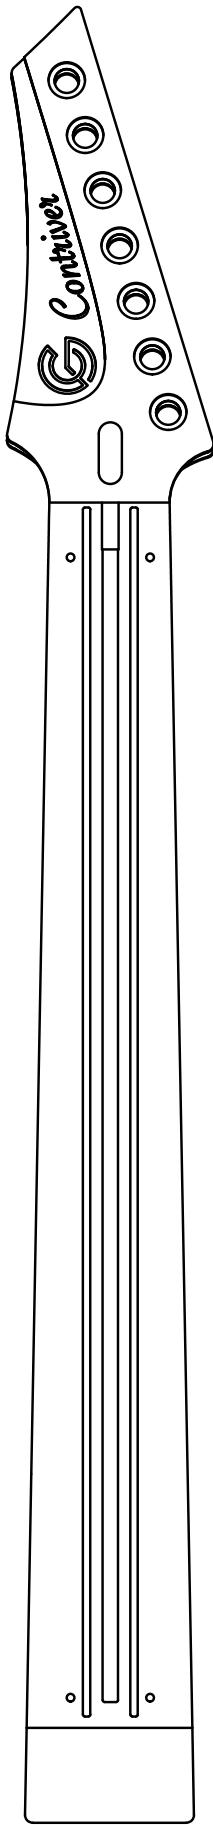

GIVING PERCEIVED TENSION A MORE **DYNAMIC** DISTRIBUTION.

TREBLE STRINGS ARE EXPRESSIVE, YET COMPLIANT

THANK YOU FOR YOUR CONTINUED  
INTEREST IN MY WORK.

NO CRAFT IS BUILT IN ISOLATION.

THOUGH THE HANDS MAY BE  
SINGULAR, THE KNOWLEDGE IS  
SHARED.

PASSED QUIETLY FROM MENTOR TO  
STUDENT, FROM MAKER TO MAKER,  
FROM PLAYER BACK TO THE BENCH.

BECOMING A LUTHIER IS LESS A  
SOLO PURSUIT THAN A LONG  
CONVERSATION.

THIS WORK EXISTS BECAUSE OF  
THOSE WHO CAME BEFORE, THOSE  
WHO WALK ALONGSIDE ME NOW,  
AND THOSE WHO PUT THESE  
INSTRUMENTS TO USE.

FAMILY, FRIENDS, TEACHERS, AND  
PLAYERS LIKE YOU ALL LEAVE  
THEIR IMPRINT HERE, WHETHER  
VISIBLE OR NOT.

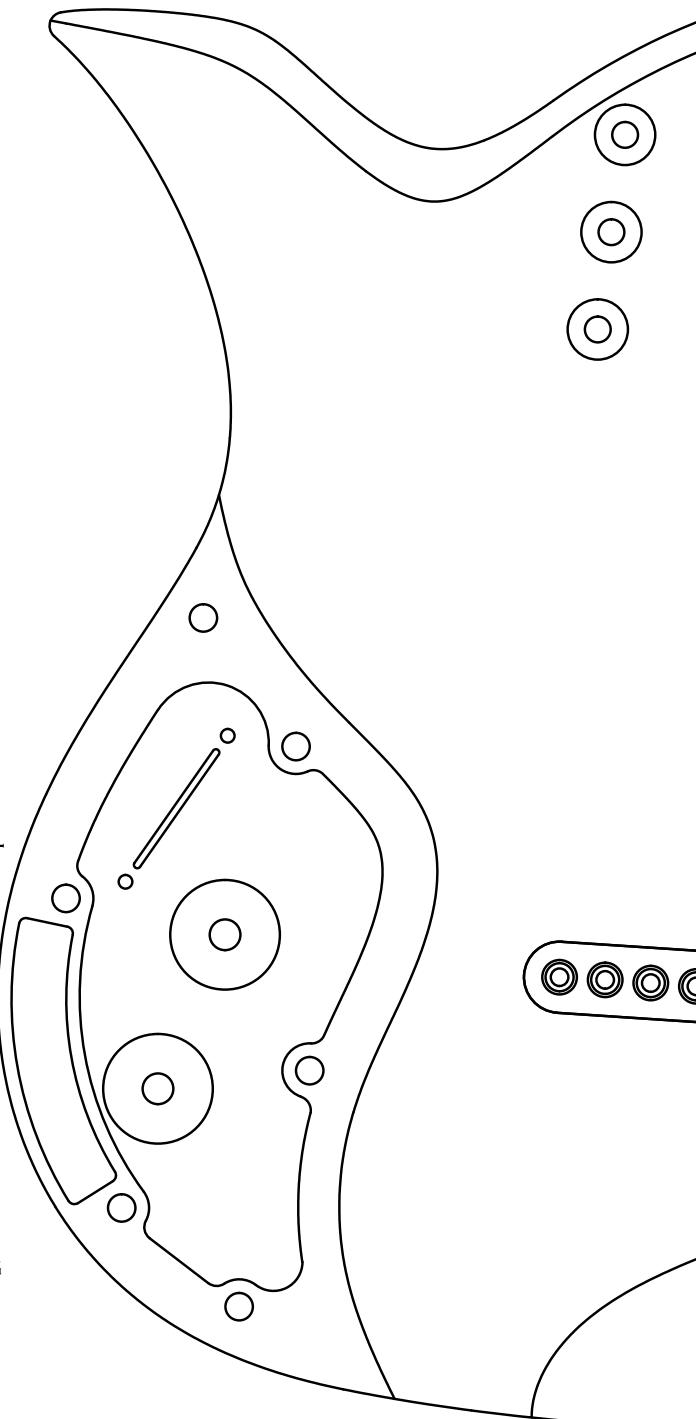

EVERY INSTRUMENT IS SHAPED NOT  
JUST BY MY HANDS, BUT BY THAT  
COLLECTIVE EXCHANGE OF  
CURIOSITY AND CARE.

I'M GRATEFUL TO SPEND MY TIME  
CHASING SUBTLETIES;

DIGGING INTO THE RABBIT HOLES  
OF GUITAR PHYSICS AND  
ENGINEERING;

LISTENING CLOSELY, AND WORKING  
AT THE EDGE WHERE INTUITION  
MEETS EXPERIMENT.

THANK YOU FOR BEING PART OF  
THAT LINEAGE.
