Great Financial Confiscation: Preparing for 2030, the Reset, and the End of Financial Sovereignty

Why Peter J. Merrick Is the Guest Your Show Needs

Co-author of the bestselling financial thriller ***It Starts With Gold***, Peter J. Merrick exposes the hidden forces threatening international markets and personal wealth. The book unpacks the dangerous trajectory toward central bank digital currencies, inflation, surveillance, and control... and the concrete steps people must take to protect themselves.

By 2030, governments and institutions will reshape economies through digital currencies, financial restrictions, and the erosion of individual sovereignty. ***The Great Financial Confiscation*** is already underway... a stealth wealth transfer that threatens the unprepared.

Peter brings over 30 years of experience in cross-border risk mitigation, succession planning, and financial sovereignty. He equips your audience with clear, actionable strategies to preserve and grow wealth... now, before it is too late.
