

Greetings to Society

Greetings to society
I'm peaking through your blinds
I know it's a little bit creepy
But I'm only passing by

I come from a galaxy far away
And haven't found my place
But I'm fascinated by your culture
And your wicked ways

Greetings to society
I can see you through the trees
I assure you I'm not dangerous
I only come in peace

I know it's a kind of unusual
Sneaking around like this
Out here on the fringes
Close to the abyss

But I'm sure I'll be okay
I'm just a little bit lost
And I think I'll be all right
I'm just a little bit lonely

Yeah, I'm sure I'll be okay
I just got to keep on going
And I think I'll be all right
I just got to keep on searching

Greetings to society
You got something to say?
I see the confusion and disbelief
Every time you look my way

But greetings to society
I suppose I was once like you
But never quite as comfortable
Trying to find that perfect view

And greetings to society
One day I might decide
To shed this wild animal
That's always been inside

So, Greetings to society
I hope you have a nice day
Thank you for letting me visit
It's time to be on my way

And I'm sure I'll be okay
I'm just a little bit lost
And I think I'll be all right
I'm just a little bit lonely

Yeah, I'm sure I'll be okay
I just got to keep on going
And I think I'll be all right
I just got to keep on searching
