

I'm in a Mood Tonight

I'm in a mood tonight
I'm feeling rude, that's right
I'm in a mood tonight
I'm in a mood, that's right

I'm in a mood tonight
I'm feeling rude, that's right
I'm in a mood tonight
I'm in a mood tonight

Should've saw me Saturday
I was sweet as can be
But you were being a fool
I'm not surprised, really

What about Sunday?
Wasn't really my day
Bit of a headache
But I made it okay

Monday I called
But you weren't around
Guess it's your loss
Probably being a clown

You tried me on Tuesday
Don't even know
Did I fall asleep
Or go to a show?

Wednesday passed
Thursday came
Now it's Friday night
And you're too late

I'm in a mood tonight
I'm feeling rude that's, right
I'm in a mood tonight
I'm in a mood, that's right

I'm in a mood tonight
Get in my face, let's fight
I'm in a mood tonight
I'm in a mood, let's fight

I'm in a mood tonight
I'm feeling rude, that's right
I'm in a mood tonight
I'm in a mood tonight

What about Saturday?
I wasn't being so mean
But felt like staying in
Didn't want to be seen

Then there's Sunday
Well, I took the day off
I was moving pretty slow
And had a bit of a cough

Monday I tried
You were supposed to come by
Guess you got lost
Yeah, I know how you lie

Tuesday, okay
I was being a brat
What do you want
From the year of the rat?

Wednesday passed
Thursday came
Now it's Friday night
And you're too late

I'm in a mood tonight
I'm feeling rude that's, right
I'm in a mood tonight
I'm in a mood, that's right

I'm in a mood tonight
Get in my face, let's fight
I'm in a mood tonight
I'm in a mood, let's fight

I'm in a mood tonight
I'm feeling rude, that's right
I'm in a mood tonight
I'm in a mood tonight
