

# ASIAN AMERICAN PACIFIC ISLANDER HERITAGE MONTH CELEBRATION

View the outdoor site-specific project by Sanchayan Ghosh, co-commissioned by Carnegie Museum of Art and Children's Museum of Pittsburgh. Rooted in his experimental theater practice, the installation explores the idea of "home" through a long-term public artwork at the Children's Museum's North Shore campus, followed by a discussion on the project and its themes.

First 50 guests can check-in at the admissions desk at any point and if they mention Asian American Chamber of Commerce they will receive a wristband.

**ASIAN AMERICAN CHAMBER OF COMMERCE** they will receive a wristband.
