Business Overview 1972 – 2019

Domestic and International Business Development 15 years as EMC (Export Management Company) working through the Cleveland, Ohio and Washington DC US Department of Commerce offices specializing in Mining, Agricultural Equipment, and Transfer of Technology Joint Venture and Licensing Projects with Governments and Private Industries throughout South America and the Caribbean Basin Region.

Established Research & Development studies involving Controlled Environment Agriculture (CEA) in the mid-1980s; University of Minnesota, Minneapolis, MN, Dr. Carlson, Ohio State University – Agriculture & Research Development Center, Wooster, OH - Dr. Bauerly, University Florida Horticultural Director Dr. Creaser, Homestead, FL., Joseph Dunsmore, Organic Farms, Beltsville, MD, and US Agriculture Research & Development Center, Beltsville, MD.

Study Projects with Dr. Dan Skow DVM, and Dr. Carey Reams Central & South America in the utilization of natural soil amendments to balance nutrient deficiencies in tropical fruits.

Study Project with Dr. Raul Acuna-Patino, Upper Amazon Region, Introduction of a proprietary formulation; Bi-Stable Carbon Oscillating Catalyst used for Insect and Pathogenic Organism Control of Vegetable Production in Natural Field Crop Environments.

Study Project with Dr. Raul Acuna-Patino, transitional (sustainable) agriculture to revive depleted sugarcane soils to a productive environment within 18 months through Bi-Stable Carbon Oscillating Catalyst – Caribbean Basin Region.

Coordinator First Response Natural Disaster equipment and supply transportation services during the 1997 Ohio River Flood with Sagamore Hills, OH Police Department, and Greater Cleveland businesses and religious centers. Conducted Chemical & Biological Remediation services during numerous Northern Ohio flood disasters.

Studied Quantitative & Qualitative Mold Identification, Ann Arbor, MI, John Ireland, Ph.D., University of Michigan.

Coordinator Cold-Plasma Corona Discharge Indoor Chemical & Biological Decontamination research study: University of Texas, Lubbock – Dr. David Straus, and EMSL Analytical, Inc., Independent Industrial & Microbiological Laboratory, Westmont, NJ.

Indoor Air & Surface Assessment and Remediation technologies and protocol. Provided "efficacy-testing" for remedial products – "real-world" and "real-time" testing programs. Founded US Biologics, Inc. to bring state-of-the-art safe cleaning solutions and decontamination technologies into the marketplace. Founded ZymeAway LLC to market safe, non-caustic, non-toxic, non-harmful Protease Enzyme biological cleaning products.

2005/06 – Gulf States – Hurricane Katrina – natural disaster support and assistance with cleanup through non-toxic safe biological enzyme formulation.

2007-2011 – Radio Talk Show Guest Speaker on non-toxic approaches to mold & flood water cleanup project with non-toxic and safe Biological Enzyme Cleaner.

2008 Iowa City, Cedar Rapids, IA – Cedar River Flood – worked with FEMA providing natural disaster educational support and assistance with cleanup through non-toxic remediation programs.

1986 Homestead Florida ¼ Acre Test Facility

1986 Homestead Florida – Dr. Gordon Creaser (Hort. Dir.) University of Florida
Nick Martello & Dr. Creaser demonstrate Controlled Environment Agriculture (CEA) production of healthy culinary herbs grown in newly developed “Organic” Hydroponic Nutrient Injection System technology.

1986 Nick Martello & Daughter in Colombia S.A. – Photo showing a Healthy Banana Plant after instituting a soil amendment program designed by Dr. Carey Reams throughout Costa Rica, Panama, and Colombia

1986 Nick Martello – Joint Venture Transfer of Technology Agricultural Project South American Test Farm – 250 hectares (600+ acres) Testing Coffee, Fruits, and Vegetables without the use of Toxic Chemical Herbicides or Pesticides.

Nick Martello – Formally Registering as an International Joint Venture and Licensing Project Specialist Representing U.S. Business Interests
1985 Bogota, Colombia, S.A.

1987 Nick Martello received an award for the design and development of the successful transfer of technology program in Bogota, Colombia called "Vacaciones Dias." The program worked with the Colombian Government Tourism Industry.

Professional Certifications & Training 1994 - 2007:

1. CHt Certified Clinical Hypnotherapist – International Medical & Dental Hypnotherapy Association – (IMDHA)
2. FHt Certified Forensic Hypnotherapist – (IMDHA)
3. CII Certified Imagery Instructor – (The Imagery Center)
4. Home Inspector – Hondros College
5. CIE Certified Indoor Environmentalist – DeLisle Associates, LTD - IAQA
6. CIE Certified Indoor Environmentalist – Indoor Air Quality Association IAQA
7. CMA Certified Level I & II Mold Assessor – American Society of Professional Real Estate Inspectors (ASPRESI)
8. CMI Certified Mold Inspector - (ASPRESI)
9. CIEE Certified Indoor Environmental Engineer – Indoor Air Quality Assessment and Remediation Agency (IAQARA)
10. CMI Certified Mold Inspector – Mold Inspection Consulting and Remediation Organization (MICRO)
11. CMRC Certified Mold Remediation Contractor (MICRO)

Expertise:

1. Level I & II Mold Assessment
2. Indoor Environmental Assessment & Inspection
3. Indoor Air & Surface Biological Test Sampling
4. Indoor Biological Remediation Protocol Authorship
5. Indoor Environmental Digital Documentation and Validation
6. Indoor Biological Remediation through Plasma Gas Generation
7. Indoor Chemical & Biological Decontamination through MD-500
8. Indoor Biological Disinfection with Protease Enzyme Based Cleaner
9. Indoor Air System Decontamination through Ultraviolet Germicidal Irradiation
10. Indoor Air & Surface Purification through, Protease Enzymes, MD-500, and UVGI
11. On-Site Rapid Surface Testing of (ATP) Adenosine Triphosphate Detection through Bioluminescence – Hygiena® Luminometer

IAQ – Author Publications:

1. Indoor Air Quality – Balanced Living Magazine – March/April 2004
2. Mold Prevention Tips – IAQMS Training program 2004
3. The Indoor Environment – Simply Home Magazine – Feb 2004
4. What is An Allergy? – IAQMS Training program 2005
5. Sources of Indoor Air Pollutants – IAQMS Training program 2005
6. Moisture, Mold, and Mildew – IAQMS Training program 2005
7. The Truth About Mold – IAQMS Training program 2006 – 2007
8. Enviro-Green Indoor Air Quality Makeover & Certification – US Biologics 2007

Training & Certification Course Development:

1. Indoor Mold Assessment Level I
2. Indoor Mold Assessment & Test Sampling Procedures
3. Indoor Biological Remediation – Allergen Controlled Environment® (ACE)

RESOLUTION 10-97
Adopted 3-17-97

SAGAMORE HILLS TOWNSHIP
A PROCLAMATION
FLOOD RELIEF EFFORT

PROCLAMATION introduced by Chair Speerbrecher.

WHEREAS, the recent flooding in southern Ohio resulted in the loss of life, homes, belongings, businesses as well as placing many lives at risk and President Clinton declared the area a disaster requiring months of clean up; and,

WHEREAS, the Sagamore Hills Township Police Department conducted a relief effort to aid the flood victims; Officer David Calhoun organized and led the undertaking in a outstanding manner; and,

WHEREAS, Officer Calhoun's appeal to the community through numerous media outlets generated aid valued in thousands of dollars; and,

WHEREAS, the outpouring of donations by the township and surrounding communities was overwhelming.

NOW THEREFORE BE IT RESOLVED by the Board of Trustees of Sagamore Hills Township, Summit County, Ohio to extend its gratitude, on behalf of the township, to Officer David Calhoun, Chief Dale Struhar and all township employees who assisted in this extraordinary act of compassion for the citizenry of southern Ohio. Each and every person is to be applauded for their selfless deeds.

BE IF FURTHER RESOLVED by the Board of Trustees of Sagamore Hills Township to extend a heartfelt thank you to Nick Martello of Destination Override who gave generously of his time and expertise to help make this project an overwhelming success. A note of gratitude is also offered to Roberts Express for their assistance and donation of equipment and personnel. Without the efforts of these organizations, this project could not have been accomplished at its high level of success.

PROCLAMATION seconded by Mr. Schweikert.

Being called for adoption; the Roll Call Vote was as follows:

Robert M. Speerbrecher, aye. *Robert M. Speerbrecher*
Robert M. Speerbrecher,
Chair

Paul Schweikert, aye. *Paul Schweikert*
Paul Schweikert,
Vice Chair

Rose Mary Snell, aye. *Rose Mary Snell*

Certified Clean Indoor Air

Property
Address: 24601 Fairmount Blvd.
City: Beachwood
State, Zip: OH 44122

Indoor Air Quality Assurance Certificate

US Biologics, Inc. - Indoor Air Quality Monitoring Services

The above property requested and complied with the US Biologics, Inc. Certified Clean Indoor Air (CCIA) certification program. The indoor air quality was viable air test sampled, analyzed, purified and re-tested. A documented independent laboratory analysis is filed in the office, and reveals an indoor air quality free of detectable biological contaminants. This property has further installed a patented Ultraviolet-C Germicidal Irradiation (UVCGI) Air Purification Security System into 14 HVAC units to insure that an allergen controlled indoor environment is continuously maintained.

HOSPITALS for a HEALTHY ENVIRONMENT™

Hospitals for a Healthy Environment

US Biologics, Inc.

An H2E Partner

Has joined Hospitals for a Healthy Environment (H2E), supporting the National Movement for Environmentally Sustainable Health Care. H2E is a voluntary partnership program sponsored by the American Hospital Association, the U.S. Environmental Protection Agency, Health Care Without Harm, and the American Nurses Association. H2E organizations are committed to the virtual elimination of mercury, general waste reduction, and the minimization of toxic substances used in healthcare. H2E supports the design, construction and operation of healthcare facilities that significantly improve our collective impact on human and environmental health.

HONORING
US BIOLOGICS, INC.
FOR EXEMPLARY ACHIEVEMENT

On behalf of the members of the Senate of the 127th General Assembly of Ohio, we are pleased to extend special recognition to US Biologics, Inc., for its participation in the 2007 Biz Day at the Capitol.

US Biologics, Inc., is deserving of high praise, for it has consistently demonstrated professionalism and expertise, as well as a commitment to maintaining the highest quality standards. Due to the exceptional effort and initiative that all those associated with the business have exhibited, this noteworthy enterprise has attained a tremendous record of service to its customers, providing a variety of environmentally friendly cleaning products, and it has been selected to take part in Biz Day at the Capitol, sponsored by the Ohio Small Business Development Centers.

The accomplishments of US Biologics, Inc., are a justifiable source of pride and an outstanding reflection not only on the business itself but also on the astute guidance of its chief executive officer, Nick Martello, on the hard-working employees, and on the Westlake community. We are certain that in the years to come, this fine establishment will continue to display the same unwavering dedication to excellence for which it has become known.

Thus, with sincere pleasure, we applaud US Biologics, Inc., as a Biz Day at the Capitol participant and extend best wishes for ongoing success.
