Club Ice: Small Group Instruction to Club Members

Meghan shared that she will be meeting with the coaches tomorrow and will discuss the possibility of small specialized group instruction for 15 or 30 minutes during Thursday club. This would be on half ice. Small group sessions with coaches (edges, power, small group). During this time skaters can also skate independently. In order to participate it would be a 30 minute punch and be a member. You would need to pay to be on the ice, but not for the class. Meghan shared would rotate potentially by week and would be at the coaches discretion to figure out who would teach which time. Lauren asked about level-requirement. It was discussed that level to skate club ice would be Aspire 1 (Freestyle 1) and may need to divide into 2 groups past that as needed. Adults welcome. Meghan will get input from SISC coaches. All board members were in agreement to try this. We can promote with social media once details are solidified. "New offering for club members." .

LTS Update:

- **Current Coaching roster - committed to season**

 - Ellie Schuler - Veteran/Specialty Coach
 - Claire Huston - Full Coach

Promotions: Townepost interested in covering a story about SISC. Board in agreement to move forward and share article as it comes along. Meghan shared she could be a resource to Andy.

Fundraising:

Discussion of Dine To Donate - Teresa to talk to Doug Simms about arranging first Dine-to-Donate around when LTS starts.

Review Board Member, Volunteer and Coach Guidelines

Reviewed requirements to be a board member

- Safesport certification
- Background check
- Need to be a member of USFSA/SISC
- Meghan will track compliance for coaches, board members, and volunteers.

2027 Ice Show Theme Ideas from Seniors

Will vote in the future

- Old Hollywood Anything Goes, meaning skating to whatever you like :)
- Anything Goes (skate whatever you like!)
- Heroes vs Villains
- Celebrate!

****Potentially could combine Celebrate Old Hollywood****

Transitions of Officer Roles within this Season:

-Mary will follow-up with Tommi shadowing/transitioning for treasurer.

-Lauren is currently vice president but is in the process of transitioning/shadowing to the president role.

Flexibility was given in updated bylaws for transitions to occur mid-season.

Mary shared that an identity report is due in October and would be best if roles transitioned prior to that time.

Will maintain previously approved/voted practice of having adaptive skater use last 30 minutes on club ice while parent is on ice. This worked well last season and will continue. No concerns by board.

The next meeting will be: **Wednesday, September 9th at 8:15.**
