Sourcing Responsibly...

Effektiv Group are fully aware of the effects that the company's processes may have on the environment.

We are fully committed to reducing the environmental impact of our business, meeting or exceeding all relevant legal requirements and being recognised as an environmentally company.

Impact on the environment is being reduced by:

- Buying materials or products from responsible companies who comply with environmental legislation
- Buying timber products from FSC certified sources
- Using recycled materials and packaging wherever possible
- Ensuring all employees are trained and comply with the company's Environmental Policy
- Recycling as much waste as possible with reputable local companies and any residual waste disposed of in an appropriate manner
