

## **Hassle-Free Delivery**

We want to keep things as simple as possible for you at your delivery. We will deliver your pre-packaged orders to your desired location about one hour before distribution time. We will set up the orders in alphabetical order and provide you with a list of the sellers to make it easy to locate each seller's box when they come to pick up their order.

### **What you can do to before and at the delivery:**

- Have one organization check, money order, or cashier's check made out to BoBo's Fundraising.
- Remind sellers/parents when their orders will be ready for pick up.
- Have a room for BoBo's to set up orders (a gymnasium or lunchroom)

**It's helpful** to have a few tables to check orders at and to have sellers sign in, a couple volunteers, and a handicap accessible entrance.
