

# NYJER<sup>®</sup> SEED

## GUIZOTIA ABYSSINICA

- This oil-rich seeds offer a high-energy boost for small songbirds like finches and goldfinches.
- Our Nyjer<sup>®</sup> Seed (Guizotia Abyssinica) has a superior oil content that is not only rich in omega-3 fatty acids but also provides a valuable source of energy for birds.
- The high-oil content in Nyjer<sup>®</sup> Seed (Guizotia Abyssinica) is not only a nutritional but also ensures a mess-free feeding experience as it reduces seed debris around your feeding area.

American Goldfinches, Pine Siskins, Common Redpolls, Purple & House Finches, Sparrows, Chickadees, Nuthatches and Dark-eyed Juncos.

Consider using tube feeders with small ports or mesh feeders.
