

Design for your Future

Rubys Design Synergy

We create outdoor spaces that blend elegance, innovation, and personalized style. Using industry-leading software like Structure Studios, we craft high-resolution, lifelike designs that allow you to envision every detail before installation begins. From intimate garden escapes to expansive luxury landscapes, we tailor each project to your vision—delivering stunning, functional environments that fit a range of budgets without compromising on quality or beauty. Your dream outdoor space begins here, with creativity, precision, and a touch of magic.

Our Mission

To focus solely on exceptional landscape design—delivering stunning, functional outdoor spaces through the art of 3D visualization, making high-end design.

Design Consulting

Our design consultation service helps transform your outdoor space with expert guidance tailored to your vision and budget. We collaborate closely with you, your landscapers, and contractors to create personalized designs that enhance your property's beauty and functionality. From plant selection to layout optimization, we ensure a seamless, professional approach to bringing your dream landscape to life.

Full Plan Design allows for Phase Out Work or Full Construction

Our Packages

Basic Package

The Basic 3D Landscape Design package covers just the intended work area with little surrounding details per section of your property. Such as the front, side, and rear, focusing on key spaces like entryways and gardens, with quick, functional designs.

Full Package

Transform your outdoors with our Full Package 3D Landscape Design, featuring realistic renderings and video walkthroughs to bring your vision to life. Let us create your dream landscape.

Trade Package

Perfect for landscapers, masons, contractors, and realty agents, our package offers realistic, high-quality designs for layouts, stonework, and property upgrades, enhancing planning and presentations.

Whats you happy place

Our Services

Transform your outdoor space with our 3D Landscape Design Service using Structure Studios. We create stunning, photo-realistic designs tailored to your style and needs. Our design-only service provides detailed 3D renderings that can be used when you move to the next step—working with a contractor or landscaper of your choice to bring your vision to life.
