

TECHNICAL SPECS

REVITALIZE YOUR WATERWAYS

The **AQUA-GATOR**, proudly made in the USA, is a robust vessel crafted from heavy-duty marine-grade aluminum for durability and performance. With a powerful Tier 4 Diesel engine and advanced hydraulic-driven outdrives, it offers superior propulsion and control. Key features include a spacious non-skid deck, watertight hull compartments, versatile anchoring, quick-change attachments, and electric joystick controls. Ideal for demanding marine tasks, the **AQUA-GATOR** ensures efficient operation and easy transportation with its durable aluminum trailer and seamless deployment capabilities.

TECH SPECS/FEATURES

PROPULSION AND CONTROL

Engine Type	Tier 4 Diesel Engine (36HP and/or 47HP)
Drive System	Hydraulic-drive outdrives
Trim	Hydraulic or Electric Trim for outdrives
Propellers	Right and left-hand propellers
Engine Compartment	Fan-cooled w/ dual batteries

HYDRAULICS

Hydraulic System	Cyclonic hydraulic system w/ hydraulic oil cooler
Hydraulic Valve	Fully adjustable, proportional hydraulic valve
Hydraulic Oil	Biodegradable hydraulic oil
Hydraulic Circuit	Spare hydraulic circuit(s) for additional attachments
Hydraulic Circuit	Low hydraulic oil level audible alarm

HULL AND STRUCTURE

Hull Dimensions	Approx. 12ft long, 8ft. wide
Hull Material	Heavy duty marine-grade aluminum
Hull Coating	Slick bottom epoxy coating on hull for easy maneuverability
Hull Compartments	Watertight and foam-filled
Deck Features	Approx. 12ft long, 8ft. wide
Total Weight	Approx. 3,450 lbs.

CONTROL SYSTEMS

Joystick Controls	Electric joystick controls with safety switch
Remote Control	Remote control ready
Engine Panel	Digital engine panel

TRAILER SPECIFICATIONS

Trailer Material	All aluminum, heavy-duty
Trailer Axles	Dual axles (GVWR 6100 lbs.) w/ Electric brakes
Winch	Electric winch on trailer
Rigging	Rigging to winch vessel on and off the trailer

ANCHORING AND TOWING

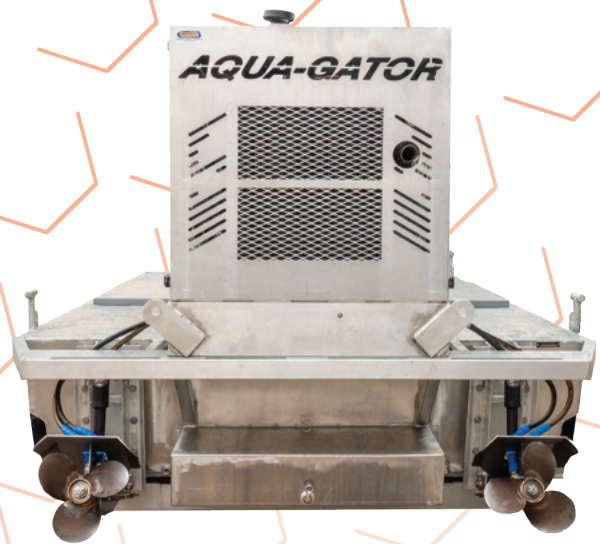

Anchoring Brackets	Two spud pole anchoring brackets on bow
---------------------------	---

QUICK-CHANGE CONNECTIONS

FOR INSTANT BASKET CHANGES

- ▼ OIL SKIMMER
- ▼ DREDGE PUMP
- ▼ FRONT END LOADER/RAKE
- ▼ FRONT/CENTER SICKLE CUTTER
- ▼ SEAWEED/ALGAE FRONT BASKET

REDEFINE AQUATIC MAINTENANCE
