Civic League Volunteers

The Civic League is always looking for volunteers. We're currently seeking people to fill the roles of *Secretary, Hospitality, and Event Coordinator*. Even a few hours each month can really help us make a difference in our community.

- Community Input -

As we come to the end of the summer, the Civic League is looking for your input and ideas. This year we only received dues from 36% of households and we want to ask you, the community, what we can do to spur more participation.

Your contributions are vital for keeping our common areas clean, funding community events, and ensuring our neighborhood remains a safe, welcoming place for everyone. While we understand that rising costs affect us all, even a slight increase in participation or additional contributions makes a tremendous difference in what we can accomplish together.

We have several topics we would like your feedback on such as:

What Social Media Platform(s) would you prefer to use?

Would you prefer a printed or digital only newsletter?

What do you feel like the Civic League could be doing better?

What prevents you from not participating?

Are there any kind of events you would like to see in the neighborhood?

Is there a fund-raiser you would like to see?

Please follow the QR code to complete the survey.
Your participation is much appreciated.
