## Flexible Premium Paid-Up Deferred Income Annuity

### POLICY HIGHLIGHTS

When you plan for retirement, you probably like to hear words like reliability and guaranteed income. United of Omaha Life Insurance Company's deferred income annuity, Deferred Income Protector<sup>SM</sup>, can provide you with the financial security of a guaranteed income that can begin from 2 to 40 years in the future.

Deferred Income Protector<sup>SM</sup> can act as a personal pension plan if you're getting close to retirement. It can also be used as "longevity insurance" if you want to defer your payouts until much later in life, guaranteeing income for as long as you live.

#### ISSUE AGES

- Nonqualified and QLAC Contracts: 40-75
- Qualified Contracts: 40-70

#### PURCHASE PAYMENTS

- Minimum initial purchase payment: \$5,000
- Minimum additional purchase payments: \$2,000
- Maximum for Qualified and Nonqualified: \$1,000,000 (without United of Omaha Life Insurance Company approval)
- Maximum purchase payments for QLAC: The lesser of \$135,000 or 25 percent of all IRA account balances

#### QUALIFIED LONGEVITY ANNUITY CONTRACT (QLAC)

A qualified longevity annuity contract (QLAC) has been established by the U.S. Department of Treasury and the IRS as a deferred income annuity that pays a guaranteed income designed to begin at an advanced age.

#### BENEFITS AND FEATURES

**Income Payment Advance (Nonqualified contracts with monthly payment schedules only, Ages 59 1/2 and older):** After income payments begin, you may request to receive the next scheduled income payment along with six subsequent income payments, for a total of seven income payments in one lump sum. This option may be exercised three times. You must receive at least one regularly scheduled payment before requesting an additional advance.

**Annual Increase Option:** The contract owner may select an option that will help income payments keep pace with inflation by increasing total payment by 1 to 3 percent each year. This increase goes into effect on the first anniversary of the income start date.

**Income Start Date** – Income payments will begin on the Income Start Date as elected on the application. The Income Start Date must be between 2 and 40 years of the purchase date.

**Change in Income Start Date** – You may change this date once. You may choose to move the date 5 years earlier or later than the date originally selected. This date must be 2 years after your most recent purchase payment. The earliest and latest Income Start Date allowed is reflected on the data page of the contract.

**Note:** In FL – 13-month minimum instead of 2 years for Income Start Date and change in Income Start Date sections

## TAXES

**Qualified Funds** – If an annuity is purchased with pretax funds, all income from these funds would be taxable as the proceeds are received.

**Nonqualified Funds** – If an annuity is purchased with after-tax funds, each benefit payment will be part principal and part interest. According to the exclusion ratio – a portion of each periodic benefit payment received is considered a return of principal, and therefore is not taxed. The remaining portion is considered interest earnings, and therefore is taxable as the proceeds are received.

**Note:** Federal income tax laws are complex and subject to change. Premium taxes will be charged based on the premium paid and will be computed using current rates charged by the state in which the contract owner resides (not the annuitant). Premium taxes will be deducted from the premium amount.

## FREE-LOOK PERIOD

The contract provides a refund of purchase payment during a 30-day period of time, which is required by state laws.
