

Risk assessment and Management 2026	Stream Walk
--	--------------------

<p>Managing Risk. Supervisors will be experienced in delivering this activity with children. The quality and safety of sessions will be regularly reviewed with any outcomes being fed into the RA and Operating procedures. Inherent within this activity is the possibility of getting wet, tired and exposed to ambient weather conditions.</p> <p>Benefits: Instructor led walk through the river going over and through natural obstacles</p>		
What is the Hazard?	Who could be hurt, any vulnerable groups?	What is being done to manage this risk?
Extremes of weather- Very hot or very cold or wet	All but especially the very young/ old and those inappropriately dressed	Pre activity briefing including what to wear Check group regularly throughout activity for hyperthermia
Getting Lost	All but especially the young	Keep the younger children near the front Have an assistant instructor if needed
Drowning		Instructor to check river flow and depth before session Do not go in deepest parts of the river Check the group stay together and have extra staff if needed
<p>Any specific risks at particular locations or with particular groups?</p>		

Operating Procedures	
Before	<ul style="list-style-type: none"> Check medical / consent forms. Instructor to be familiar with activity RA – specifically any site specific notes. Check the weather forecast – does your plan still work. Check if there any venue restrictions Instructor to ensure correct kit is available for the venue / group. Instructor to inspect all kit to ensure it is usable. If residential course ensure the group know where to go / park etc.
