SCOTT SILVEN

Scott Silven is a modern-day marvel like no other. As an acclaimed illusionist, mentalist, and performance artist, Silven pushes the boundaries of his craft by creating stylish, smart, and uniquely immersive performances, on both stage and screen, that mesmerize audiences across the globe.

Hailed by Vogue as a 'world-renowned mentalist', his work has been described as 'a marvel' (*The New York Times*), 'mesmerizing' (*Town and Country*) 'truly astonishing' (*The Daily Beast*) 'unforgettable' (*Entertainment Weekly*) and theatre that 'wows everyone' (*The New Yorker*) through a combination of 'elegance, sheer mind power, and profound philosophical insight' (*Manhattan Digest*).

Following 2 major sell-out runs in New York, an extensive tour on the international stage, and the creation of the groundbreaking digital experience, *The Journey*, which included headline engagements with world-leading arts organizations, Silven now introduces his latest experience for select audiences - *The Gift*.

The Gift continues Silven's theatrical objectives - not only in orchestrating an awe-inspiring experience, but an event that leads his audiences to a place that suggests untold possibilities, a place that challenges perceptions: a place that allows them to look at the world, and themselves, in an extraordinary way.

A glowing 3D cube is the central focus, with a bright white light emanating from its bottom edge. The background is dark and features a faint, ethereal image of a person's face, possibly a woman, looking upwards. The overall mood is mysterious and artistic.
