

# Quick Start Implementation for Microsoft Dynamics 365 Business Central

Designed to provide a seamless and swift transition, our rapid setup ensures that your business operations are up and running with minimal downtime

**d365.Global**

Delivering exceptional capabilities with “one system” that improves customer satisfaction and decreases your operational costs.

“With Dynamics 365 Business Central, we can rely on meaningful data and insights, thus reducing the cycle time to action, keeping our teams engaged, and delivering on our promise to our customers.”

**Consumer Goods manufacturer**

## Essential Configuration

Expert guidance

Configuration of core functions

Microsoft Teams-based training and support

## Optimized for Business Growth

Streamline business processes and enhance efficiency

Achieve your strategic goals and drive long-term success

Extend to: Inventory, Warehousing, Project Management, Manufacturing and more

# 10-Day Quick Start Plan

Our package includes the setup and configuration of Sales, Purchasing, and General Ledger functionalities. This ensures your financial transactions and business operations are accurately recorded and managed.

---

We will set up one production environment tailored specifically for a single legal entity. This environment will be configured to meet your unique operational requirements, providing a solid foundation for business activities.

## Day by Day:

- Day 1 – Preparation and planning
- Days 2 to 3 – Software installation and General Ledger setup
- Days 4 to 5 – Sales and Purchasing configuration
- Day 6 – Data import from Excel template files provided
- Days 7 to 9 – Training for key staff (Sales, Purchasing, Finance teams)
- Day 10 – Go-live with Teams Channel hyper-care support
