Dear papa

I am glad to tell you Broncho has at last made up his mind to behave himself. Walton gave him a good switching which did him some good and now he lets me ride him. I have taken three rides on him and go after the mail every morning. Sometimes Thompson lets go of the rein and I go all by myself and I

think it is very nice. I was caught in a hard rain to day and had to stay at Remus' for a long time Grandmother sent David after me with a bundle of dry clothes but Annoo says I am not salt or pepper so I was not washed away. Annoo has come home & sends her love

your affectionate
Willie
