**Location:** VA Beach (Fort Story-Little Creek Joint expeditionary Base)

**Year Completed:** 2018

**Value:** \$347,000

## CORPORATE OVERVIEW

Established in 2017, Akira Corp's staff has estimated a wide variety of construction projects, taking pride in our ability to flexibly meld our expertise and capacity to the needs of the increasingly unique and complex projects of our clients. Together with our customers, we deliver landmark projects which promote progressive communities and economic growth.

Our core team collaborates with architects and contractors to create a wider circle of professional's dependent upon the needs of each unique and complex construction project. When you collaborate with Akira, you get an estimating team dedicated to solving your problem and the peace of mind knowing our team has over 100 years of experience.

## WHAT WE DO

### ◆ CONSTRUCTION COST ESTIMATING.

- We identify project costs and potential risk to help our customers have a clear understanding of their projects.
- Our team of estimating experts help you focus your time & energy on the most profitable projects possible.

## ADVANTAGE

### ◆ ECONOMIC FORECAST

- We identify industry trends to include in our estimates, such as material and labor cost forecasting
- We conduct market research on commodity prices such as, steel, gypsum board, concrete and framing lumber prices

### ◆ SAVE TIME & MONEY

- Hiring and training staff is expensive and time consuming
- Our team is fully trained and will satisfy your needs for a fraction of the cost
- We work on a per project basis, so you only pay for estimators when you need them

### ◆ TEAMING PARTNER

- We make a great teaming partner for government jobs, we are SDVOSB, Micro, DBE, and Alaskan Native American owned.
