# Monitor Use Agreement

Please fill in all blank boxes.

I,  agree to allow Jenn Paoella from Good to Grow to access my Wi-Fi baby monitor only during the designated nap/ sleep times and solely for the purpose of coaching during nap/overnight times. I will send Jenn Paoella log in credentials for the Wi-Fi baby monitor through text/email. I will inform Jenn Paoella when I am starting the nap/sleep training and she will access and open the app at that time. Jenn Paoella will close the app and end the Wi-Fi monitor use at the conclusions of nap/overnight sleep training times or at any time during the process at my request. At the conclusion of our sleep training time, I am responsible for changing the app credentials (username and/or password). Jenn Paoella at Good to Grow will also uninstall the app at that time.
